

# US ICT COUNCIL

SUPPORTING MYANMAR'S DIGITAL DEVELOPMENT GOALS

## ABOUT US

Formed in 2014, the US Information and Communication Technology (ICT) Council for Myanmar is an industry association based in Yangon, Myanmar. Our members are among the largest and most innovative technology companies in the world.

**Our mission:** To support Myanmar's digital development goals.

**Our vision:** To be a key partner to the national government as it transforms Myanmar into a digital economy.

## MEMBER COMPANIES

## SAMPLE ACTIVITIES

- Policy roundtables
- Industry reports and policy papers
- Digital skills training workshops
- Collaboration with government ministries, the e-Government Steering Committee, Digital Economic Development Committee (DEDC), and regional governments
- Online ICT resources and newsletters

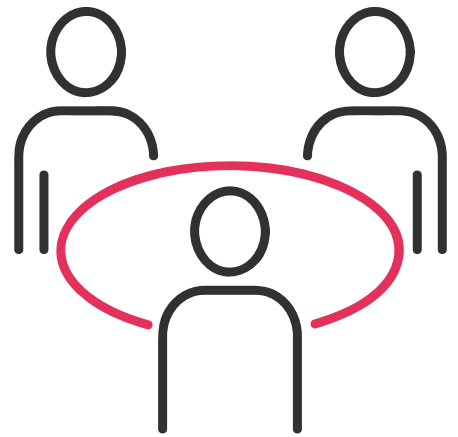

# ICT RESOURCE & PARTNER

We work with a variety of partners and stakeholders in the public, private and non-profit sectors. As an affiliate of the US-ASEAN Business Council, the premier US advocacy association in Southeast Asia, we have access to a regional network of experts and resources.

Areas for collaboration include:

- Providing info and recommendations for ICT projects
- Providing speakers and content for training programs and conferences
- Coordination on policy and regulatory issues
- Co-authoring papers and reports
- Co-organizing events and other activities

## FOCUS AREAS

- Cybersecurity
- e-Government
- Cloud strategy
- Enterprise and SME solutions
- ICT infrastructure planning
- Financial services
- e-Commerce
